

PE & Sports Premium Analysis

2017/2018

What is the PE & Sports Premium?

The Government is providing funding of £150 million per annum for academic years 2014 – 2020 to improve provision of physical education (PE) and sport in primary schools. This funding will be allocated to primary school head teachers.

The sport funding can only be spent on sport and PE provision in schools. OFSTED will play a significant role in ensuring that schools target this funding in areas which will lead to clear outcomes in raising standards and opportunities in PE and school sport for all children throughout the Primary Phase.

It is expected that schools will see an improvement against the following 5 key indicators:

1. the engagement of all pupils in regular physical activity – kick-starting healthy active lifestyles
2. the profile of PE and sport being raised across the school as a tool for whole school improvement
3. increased confidence, knowledge and skills of all staff in teaching PE and sport
4. broader experience of a range of sports and activities offered to all pupils
5. increased participation in competitive sport

Our Vision

At The Gipsy Hill Federation, we aim to establish a sporting culture that enables and encourages all children to play and enjoy sport. We look to ensure that high quality PE provision is being delivered at all times which alongside our Healthy Living programme ensures that our pupils lead happy and healthy lives.

Our Aim

Improve the quality of the school P.E. programme by:

- Auditing PE provision to highlight development areas and to ensure engagement in regular physical activity for all pupils as well as a equipment and resources for engagement in a broad range of sports and activities.
- Delivering PE focused staff training through staff meetings to develop staff knowledge and skills.
- Employment of PE specialist to mentor staff and build confidence in delivering PE.
- Encourage and facilitate opportunities for pupils to participate in competitive sporting competitions.

Objective: To achieve self-sustaining improvement in the quality of PE and sport.

PE & Sports Premium 2016/2017 Allocation

School	Income
Crawford	£9,995
Elm Wood	£9,475
Fenstanton	£10,477

Kingswood	£11,323
Paxton	£8,853

PE & Sports Premium 2017/2018 Allocation

School	Income
Crawford	£15,912
Elm Wood	£15,125
Fenstanton	£16,525
Glenbrook	£14,854
Kingswood	£18,174
Paxton	£14,227

How the Allocation is Spent

All of our Sports Premium allocation is spent sustaining our strong working relationship with an old School Sports Partnership, Moving Matters. The company provide Primary PE Specialists to work 1 day a week in each of our schools, supporting the development of teaching practice and curriculum delivery. They do this through 1-1 mentoring of staff, modelling best practice, team teaching, observing lessons and providing feedback with a development plan. The teachers across our sites are developing subject knowledge and confidence in delivering Physical Education. In addition to this, we are provided with access to competitions, a gifted and talented programme and whole school inset training. We also have access to the Moving Matters online curriculum which is used across all our year groups ensuring a clear progression of skills as well as access to a broad range of sports and activities.

Four members of teaching staff work alongside the PE Specialist each term on each site. The teaching staff, working alongside the PE specialist, are assessed and receive in-depth feedback following each session. Once they have finished working with the PE Specialist a final evaluation is completed outlining their development, strengths and future targets. In addition to this, the PE specialist is always keen to share best practice and liaise with all staff to ensure that sustained high quality PE is consistently being delivered across all year groups. They provide informal mentoring for all staff when on site. In addition to the coaching and mentoring, their timetable includes an allocated slot for competition preparation. Children displaying a particular talent in a sport are therefore coached by a specialist prior to any upcoming competitions. Children are motivated and keen to engage in these competitions as well as to develop their skills in the particular areas.

PE and Sport Grant Expenditure 2017/2018

Key objectives	Initiative	Partners	Impact	Cost
To improve quality of learning through improved teaching	<p>Hiring PE Specialist to mentor and support staff to improve their delivery of PE (one day per week per school) to work with the children and alongside the staff to plan and deliver lessons.</p> <p>The service includes access to schemes of work and curriculum maps, model lessons, team teaching and identifying development needs of individual teachers</p> <p>To develop a curriculum programme that will provide high quality PE experiences for pupils</p> <p>Improve the depth of knowledge of PE for staff and give them the opportunity and confidence to deliver a consistently high standard of PE lesson in the future.</p>	Moving Matters – PE specialist Teacher	<p>The PE and sport premium has increased the engagement of both staff and pupils in PE and Sport.</p> <p>Teachers are gaining experience and confidence teaching PE and therefore have a sustainable and long term impact</p> <p>Teaching staff are being up-skilled by enabling them to work alongside specialist practitioners. Subsequent, lessons taught by class teachers have been observed as being good or better with some outstanding.</p> <p>Pupils are allocated two hours of PE per week and PE has raised profile across the federation of schools.</p>	Full Allocation

<p>To increase levels of pupil participation in competitive sport</p>	<p>We have invested in Moving Matters All- inclusive Competition package.</p> <p>The service includes inter-school competition against other local schools in a wide range of School Games Level 2 sports e.g. festivals and leagues</p>	<p>Moving Matters</p>	<p>As a result, more pupils are now participating in - and enjoying - inter- schools sport competitions. 261 children from within the school competed in a Borough run event last year.</p> <p>Pupils involved in competitions have an increased understanding of winning / losing and the role of fair play and sportsmanship.</p> <p>The funding has given us the opportunity to strengthen our partnerships with the local community and increased pupils' opportunities to take part in a wide range of local competitions</p>

We also evaluate and feedback how useful we have found the specialist support. This evaluation takes into account the views and opinions of the teaching staff that have been working alongside the PE Specialist. A recent audit of provision identified the following impact amongst staff:

- Moving Matters has encouraged and motivated staff.
- Moving Matters has helped staff to be more confident in their teaching and practice of PE.
- Moving Matters have provided support on how to extend children's skills in PE
- The plans and resources provided by Moving Matters have supported teachers to plan and teach effective PE lessons and ensure that they are better able to prioritise this as a key subject area
- The plans and resources ensure a clearer progression of skills
- Moving Matters has provided a wide range of support particularly for new teachers and for NQTs
- Moving Matters has supported with raising the profile of PE across our schools
